

L'Aquila: where is it?

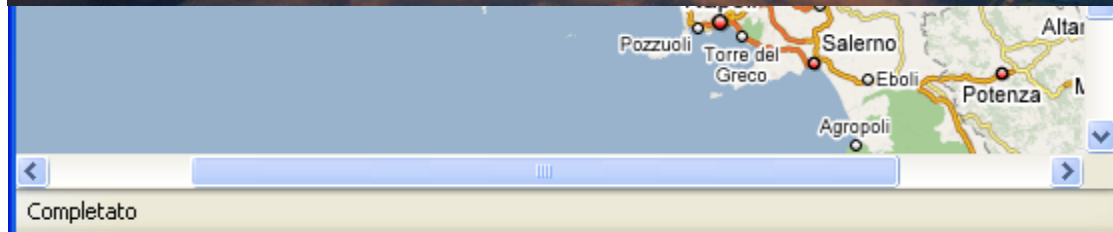

- Center of Italy
- Flights : Ryanair, Sterling, Alitalia, ...
- Relatively cheap

L'Aquila: where is it?

- » 1 hour driving from Rome
- » 45 mins driving to the coast (Teramo, Giulianova, Roseto, Pescara,...)
- » 15 minutes driving to the mountains

L'Aquila: what is in there?

L'Aquila: what is in t

L'Aquila: what is in

- University of L'Aquila
- Faculty of:
 - Arts
 - Biotechnologies
 - Economics
 - Educational Science
 - Engineering
 - Medicine
 - Psychology
 - **Sciences**
 - Sport Sciences

The Faculty of Sciences

The Faculty of Sciences

The Faculty of Sciences

- The Faculty of Sciences has been activated in 1961
- It is a national and international research and training center
- In between the first 8 institutions in Italy for overall quality, over 42 analyzed institutions (CENSIS, 2001).

Why Studying in L'Aquila

- Modern Faculty with a good rate teachers/students
- **Town with a high student population (around 15.000, over 80.000 total inhabitants), quite and easy to access**
- Many **cultural activities** (cultural associations: concerts, theaters, cinema, photography, arts)
- Many **recreational activities** (sport, natural parks, mountain, skiing).

Departments

- Chemistry
- Physics
- **Computer Science**
- Mathematics
- Natural Sciences
- Biological Sciences

The Computer Science Department

Computer Science Department

- About 1000 freshmen enrolled at the University of L'Aquila each year
- over 500 freshmen students enrolled at the Faculty of Sciences
- Around **130 freshmen enrolled to Computer Science**
 - Admission Evaluation
 - Around 80 graduated with bachelor each year
 - Around 30 master degrees released each year

Research

- Researchers: around 20 researchers
 - Software Engineering group
 - Operational Research group
 - Algorithms group
 - Artificial Intelligent group

Research

- 3 EU projects granted to the Software Engineering group + 1 Italian project

- Participation to the major international conferences on SE:
 - ICSE, ESEC/FSE, ETAPS, ASE, MODELS, COMPARCH,
...

Research

- Co-organizers of various [workshops and conferences \(e.g., ESEC/FSE 2003, ROSATEA 2006-2007, EFTS 2006-2007, WOSP 2007, MT 2007-2008, ASE 2008, ICSE 2009\)](#)
- Paola Inverardi, the (former) head of the Department, recognized to be the 16th best Software Engineering researcher in the world

GSEEM: Global Software Engineering European Master
